Senior Interaction Designer

Google

April 2018 – Present
New York, New York

Lead designer for Google's first and only third-party consent management platform.

Working with a cross-functional team of researchers, engineers, product management and sales to support and drive product decisions.

Collaborating with designers across Google products to ensure consistent UX patterns and designs, as well as providing feedback.

Senior UX/UI Designer

USA TODAY NETWORK

December 2014 – June 2017
Washington, D.C.

Designed scalable systems and digital experiences for USA TODAY brands, reaching 14 million users daily.

Worked in an agile and scrum management process executing user-testing, research, wireframes and designs.

Led design for all internal and external ad/ branded content experiences for our digital, VR, Google and Facebook platforms.

Developed animations and prototypes for various product initiatives.

Digital Media Manager

Gannett Ad Design Center

November 2012 – December 2014
Des Moines, Iowa

Managed nationwide digital ad operations for 100+ publishing companies with up to 300 ads ordered daily.

Established new products and workflows, including Gannett's first proprietary HTML5 ad operations.

Worked daily with sales, account managers and ad departments with client requests and technical issues to meet strict deadlines.

Led and coached a large team of designers, developers and coordinators focused on increasing enthusiasm for design and positive user experience.

Designer & Production Coordinator

Gannett Ad Design Center

October 2011 – November 2012
Des Moines, Iowa

Created high-quality animated and static digital ads for local advertisers in a deadline sensitive environment.

Interacted daily with account managers and sales to ensure accurate and timely ad delivery.
